

SUMMARY STATEMENT

Ronnel E. Barrett, et al. v. Hecla Mining Co., et al.

Docket No. 43639

The Idaho Supreme Court upheld the Kootenai County District Court's grant of summary judgment to Hecla Mining Company, et al. (Hecla). Relying on its holding in *Marek v. Hecla*, No. 43269 (Idaho Nov. 18, 2016), the Court held that Barretts' claims were governed by the Idaho Worker's Compensation Act, and because there was no evidence that Hecla's actions amounted to "willful or unprovoked physical aggression" under Idaho Code section 72-209(3), summary judgment was affirmed.
